1. The reply filed on 06/09/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant argues with respect to claims 5-8 that the combination of D'Andrea and Sanderford does not teach having an in vivo radio device that includes the position measuring unit as claimed. Since claim 5 has been cancelled the examiner with not further comment of claim 5. However with respect to claims 6-8, the examiner's rejection did not state that the references taught the claimed features, but rather specifically addressed claims 6 and 8 and why it would have been obvious to modify the references. Applicant's response only states that the references do not teach the claimed subject matter and fails to discuss the obviousness of the in vivo measuring unit as stated in the rejection. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John P. Lacyk whose telephone number is 571-272-4728. The examiner can normally be reached on Mon-Fri, 8:30-5:00.
